Professional Summary

Experienced Fleet Operator with over 8 years in transport management, specializing in planning, scheduling, and coordinating freight operations. Proven track record in managing driver resources, ensuring compliance with transport legislation, and optimizing fleet performance.

Professional Experience

Anton Le Roux Transport – Fleet Operator (2017 – Present)

- Plan and schedule freight transport across long-distance routes within South Africa.
- Manage driver assignments, monitor performance, and ensure compliance with safety and legal standards.
- Coordinate truck and trailer combinations, manage breakdowns, and ensure vehicles remain roadworthy.
- Monitor operating costs, track fuel consumption, and use Excel-based reports to optimize efficiency.
- Provide customers with updates, resolve operational issues, and maintain service quality.

Anton Le Roux Transport – Fuel Management (2016 – 2017)

- Captured daily diesel transactions and monitored fleet fuel performance.
- Identified abnormal consumption trends and poor driving behavior for corrective action.
- Generated and submitted daily, weekly, and monthly fuel reports to management.
- Supported fleet controllers with checklists, inspections, and tool control.

Cape Union Mart – Assistant Manager (2012 – 2013)

- Supervised sales operations and staff performance to achieve store targets.
- Trained and motivated employees, ensuring adherence to company policies.
- Coordinated in-store promotions, managed inventory, and resolved client concerns.

Cape Union Mart – Product Specialist (2007 – 2014)

- Provided expert knowledge on outdoor and camping equipment.
- Handled customer inquiries, processed orders, and maintained stock accuracy.
